Korea - technical perfection over physical size (Part2)

by

Zoltán Marczinka

In their second match against group favourite Sweden, the Asian champions once again impressed spectators with another fine display of skill. This time they operated mostly with break through attempts against the solid Swedish zone defence: right back #33 H. Taehhyun and left back #13 P. Youngjun utilised their excellent foot-work and successfully beat their facing defenders in a 1vs1 situation several times (video clip **5-8**).
