Dear Handball Friends,

The Hellenic Handball Federation will be the host of the 18th Men's Junior World Championship this summer. It will be the second IHF World Championship in Greece after the Men's Junior World Championship in 1991. Since then Greek handball has improved, proven not only by the sixth place of the Hellenic men's team at the Olympics 2004, which has been the greatest success in the history of Greek handball and was followed by the sixth place at the Men's World Championship 2005 in Tunisia. Those milestones were the beginning of the Hellenic handball movement. Players from Greece have now found top clubs all over Europe and the improvement has lasted until the present day.

Now a new generation of Greek and international handball youngsters will meet in Greece and compete for the Junior World Championship title. 24 teams from all over the world go for gold, silver and bronze – but it is not only the fight for medals, but a starting point for the development of all players changing to the senior teams. However it is also an important objective for the hosting nation: Organising a World Championship will bring our sport into the focus of fans, sponsors and media – and I hope this competition will be another great step for the development of handball in Greece.

The Hellenic Handball Federation is ready to take their chance to let handball flourish. I'm convinced that the host will succeed in organising a sporting event which is not only perfectly arranged, but also impressive and fair. I wish all participating teams the very best of luck for the tournament and a good time. And I hope that handball will gain the public's interest and the audience's attention the young players have worked hard for in the last years. The Greek people are known as sports enthusiasts – they will cheer for their team, but also respect all the other participants in a fair and friendly manner.

The present brochure includes many details which have been compiled particularly for your purpose and which we hope might be of use to you. We would be pleased if this brochure helped you for your orientation within the IHF, and will additionally try to keep you well informed on a regular basis. May we also refer to the information you will constantly be provided with in the different venues.

We hope for a successful staging of the World Championship as well as for a constructive collaboration and remain with kind regards,

INTERNATIONAL HANDBALL FEDERATION

Dr Hassar Moustafa
President

CITY OF THESSALONIKI

Thessaloniki is Greece's second largest city and is fast becoming the powerhouse of the Balkans. Its current population is estimated to be over one million inhabitants. Founded in 316 BC, Thessaloniki was named after the half-sister of Alexander the Great.

Situated at the crossroads between east and west, this multicultural metropolis has a dramatic history of conquests and counter-invasions.

Nowadays, Thessaloniki is a prosperous waterfront city, its sophisticated business centre balanced by a lively student culture. The Aristotle University, founded in 1925, is Greece's largest university, with over 60,000 students. The "brand" of the city is the so called "White Tower", situated at the waterfront.

Thessaloniki's port is a European port and the natural gateway for the economic activities of the inland markets beyond Greece. The port is a vital element of the country's economy while it also plays a substantial role in the Eastern Mediterranean.

The city's docklands have been transformed into post-industrial bars, restaurants and galleries. Thessaloniki is the most important cultural centre of Balkans. Many cultural institutions are located in Thessaloniki. At the Archaeological Museum, collections of Archaic to Late Roman findings from Thessaloniki and Macedonia in general are displayed. The Museum of Byzantine Culture presenting various aspects of life during the byzantine and post-byzantine

periods: art, ideology, social structure and religion. The Sport Museum presenting and preserving the sport heritage and the promotion of the cultural side of sport, missions that are accomplished in actual fact through permanent or temporary sport exhibitions. In January 2008, the International Olympic Committee recognised the Museum as the first Olympic Museum of the country, with the name THESSALONIKI OLYMPIC MUSEUM. Thessaloniki's air transports are served from the "Makedonia" international airport with a lot of direct flights to various destinations abroad. Also a number of other infrastructure projects such as the "Egnatia Odos" highway ensure good road access to Thessaloniki.

There are frequent bus, trains and plane services to most parts of Greece as well as railway connection with many European countries. The large seaside front, the traditional squares and alleys, the famous nightlife as well as the easy access to wonderful nearby beaches, will prove an excellent opportunity for all participants and spectators to combine an athletic event with leisure, tourism and entertainment.

Match evaluation

Preliminary Round

The preliminary round is played in groups. Matches shall be evaluated as follows:

- each match won = 2 points
- each match drawn = 1 point for each team
- each match lost = no points

Teams are ranked according to the total number of points gained.

If two or more teams have gained the same number of points after the group matches have been completed, classification is decided as follows:

- results in points between the teams concerned;
- goal differences in the matches between the teams concerned;
- greater number of plus goals in the matches between the teams concerned.

If the teams are still equal, a decision is made between those teams with an equal number of points as follows:

- goal difference is subtracted in all matches
- greater number of plus goals in all matches

If classification still is not possible, a draw shall decide. The IHF representative on site shall execute the draw, if possible in the presence of the 'responsible team officials'. If the 'responsible team official' cannot be present, other co-workers selected by the IHF shall take part.

Placement Round, Placement Matches, Eighth-Finals, Quarter-Finals, Semi-Finals and Finals

After completion of the preliminary rounds, all matches shall be played in accordance with the knock-out system.

In case of a draw at the end of the regular playing time, after a break of five (5) minutes, a first overtime period of 2 x 5 minutes shall be played, changing sides halfway through with a one-minute break in-between. Provisions to the contrary set for individual tournaments shall be given priority.

If the match should still not be decided after this overtime period, after a break of 5 minutes, a second overtime period of 2 x 5 minutes shall be played, changing ends halfway through with a one minute break in-between.

Should the match still not be decided after the second overtime period, it is decided with 7m penalty throws in accordance with Rule 2:2 of the Rules of the Game.

In case of a draw at the end of the regular playing time of placement matches 17th-24th, 13th-16th and 11th-12th, 7m throws shall be executed to decide the match in accordance with Rule 2:2 of the Rules of the Game.

Cancellation or discontinuation of match

If the match is cancelled or discontinued, the Competition Management shall decide on further action.

Television, Media and Advertising

TV rights

The IHF granted all TV and marketing rights to the organiser. TV coverage of the championship will be provided. Further details will be announced on site.

Press conference

A post-match press conference will take place approximately 15 minutes after the end of each match in the press conference room, located close to other media areas. A coach and a player from each team will attend the press conference conducted in English.

Advertising on sportswear

Rights in respect of advertising on sportswear are laid down in the Regulations for Advertising and the Equipment Manual.

As the marketing rights have been transferred to the organiser, the outer side of sleeves are **exclusively** reserved for the organiser's advertising (without financial participation by the participants).

Please see point 'Players' clothing', 3rd paragraph, for the approval of advertising on sportswear.
