Postponement of II Extraordinary IHF Congress in Rome ITA

Due to the current situation in Europe including cancellation of all flights over the past three days resulting from the eruption of the Iceland volcano and after consultation with the Continental Presidents, who confirmed that most of their delegates would not be able to attend the Congress even in Europe due to this unpleasant situation, IHF President Dr Hassan Moustafa would like to inform you that he decided to postpone the Extraordinary IHF Congress, scheduled to convene in Rome from 23 to 24 April.

The decision to cancel the Congress is also due to the uncertain situation in Europe, which may remain still unchanged for the next few days. The IHF was eager to organise this important event but still IHF cares about the safety of the delegates and there is widespread concern that the delegates may seriously suffer from such conditions during their travel to the named Congress.

The Executive Committee will discuss the issue during their next meeting and will inform you about the new date of the Extraordinary Congress at the soonest.
